LPS1175: Issue 8
Cert No: 1000m

LPCB is an independent attack test certification. A tool list is selected and then time given to withstand a physical attack. Keyguard XL is the first key safe to achieve this level.

LPCB is part of the BRE Group, the world-renowned certification and testing facility in the UK, who test and certify products to the very latest attack methods.

Certified for fixing to rendered walling by multiple fixing types, available to all installers.

Secured by Design

Police Preferred Specification

With Secured by Design accreditation the Digital XL meets Police Preferred Specification.
